PALAZZO VECCHIO GOLD PLATINUM

Our history and our lands have always been strictly connected, and Florence inspires us every day with the beauty of its rich history. So, looking into the room of Cosimo de' Medici in the Palazzo Vecchio, the old wooden ceiling decoration is reborn in this collection of contemporary feel, which expresses its uniqueness especially in geometric shapes, so rare in the processing of prestigious material. The collection of accessories for home decoration and lighting culminates with the 40 lights chandeliers, a tribute to the majesty of the Palace that inspired them, now developed in gold and platinum.
